Welcome to

Enniscorthy Islamic Cultural Center

The Islamic Cultural Center of Enniscorthy is a religious and cultural organization, established in the early 2014's. The original plan of the Center was to become a Muslim institution comprising a Mosque, school, library, a lecture hall, a museum, and a residence for the Imam.

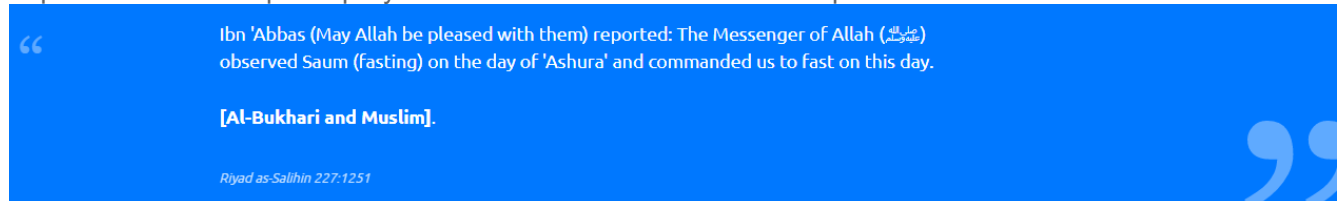

Its objectives include:

- ❖ Serving the neighbouring Muslim community of Co. Wexford in particular and the entire Muslim community of Enniscorthy, Co. Wexford in general. This would be done by answering their religious needs and providing them with a place of worship, classes to assist them and their children where they learn detailed knowledge about their religion, Islam;
- ❖ Enlighten the Irish public opinion with the true knowledge about Islam: its teachings, ideology, philosophy and culture;
- ❖ Providing Muslim communities in the Co. Wexford with religious guidance and correct religious opinions and religious, cultural and social critical questions;
- ❖ Promoting a good understanding and friendly relations between Muslims and non-Muslims. Early in the 2014's, when the center started to function with activities in a building located at Ross Road Show Ground, Enniscorthy, Co Wexford. It was agreed upon that the first phase of this project would be a Mosque.
